Review of: "Eco-friendly Fabrication and Antibacterial Assessment of Cobalt Ferrite Nanoparticles Using Stevia rebaudiana"

Farnaz Sadat Fattahi[1]

1. Isfahan University of Technology, Iran, Islamic Republic of

1. Draw the chemical structure of cobalt ferrite. 2. Check the whole article grammatically. 3. Can you give the TEM of cobalt ferrite nanoparticles? 4. Put the real image of the synthesis process. 5. Add some proper references like:⊠ Synthesis of polylactic acid nanoparticles for novel biomedical applications: a scientific perspective
