

Review of: "The Effects of Greenery in Balconies of Apartments on People's Well-Being: Using Virtual Reality"

Ester Higuera García¹

¹ Universidad Politécnica de Madrid

Potential competing interests: No potential competing interests to declare.

The paper has a suitable structure and addresses an interesting topic. Some additional references should be incorporated: Higuera, E, Urbanismo Bioclimático, 2006, Barcelona: Gustavo Gili.

The results are complete. A wider vision in some other climatic and microclimatic contexts should be highlighted, in dense areas, narrow streets, adverse hot arid conditions...etc., among others.
