

Review of: "Evaluation of the impact of the COVID-19 pandemic on nurses"

Khalid AL-Mugheed

Potential competing interests: No potential competing interests to declare.

Thank you for providing me with the opportunity for reviewing this interesting manuscript. I have only a few minor comments that must be taken into account, they may improve the quality of the manuscript.

Discussion and conclusion

Briefly comment on why the study is necessary without repeating the sentences used in the introduction, and include the important of vaccine booster dose. Kindly cite this article.
