Thank you for your paper, it is very good research and i wish you to improve in the next research, but there are some point of view that you correct is better.

1. In the page 7 delete the empty space between the line 10 and 11.
2. I think replace the "collocation" with "arrangement " is better.
3. In the page 20 put $(u^2+x^2...)$ in the below line.
4. could you solve me this line " $\Delta u - u$ " in the page 28 on the wastepaper
