Renal Pelvis Cancer by AJCC v8 Stage

National Cancer Institute

Source

National Cancer Institute. *Renal Pelvis Cancer by AJCC v8 Stage*. NCI Thesaurus. Code C140356.

A term that refers to the staging of renal pelvis cancer according to the American Joint Committee on Cancer, 8th edition. This staging system applies to renal pelvis urothelial (transitional cell) carcinoma, including histologic variants micropapillary and nested subtypes. It does not apply to renal cell carcinomas (are staged according to the classification for kidney), renal medullary carcinomas (are staged according to the classification for kidney), collecting duct carcinomas (are staged according to the classification for kidney), lymphomas (are staged according to the classification for Hodgkin and non-Hodgkin lymphoma), and mesenchymal tumors (are staged according to the classification for soft tissue sarcoma of the abdomen and thoracic visceral organs). (from AJCC 8th Ed.)
