

Review of: "The Role of Financial Literacy on Sustainable Development of Micro, Small and Medium Enterprises (MSMEs) in Africa"

Mohammad Abul Kalam Azad

Potential competing interests: No potential competing interests to declare.

I have made some observations. The suggestions are as follows so far:

1. Please define clearly 'financial literacy' and increase the citation with justification in 2.1
2. Increase the literature review in 2.2(MSMEs)
3. Need some justification to measure the sustainable development
4. Missing managerial implications and theoretical implications. Need to add.
5. Increase the number of references.
