# Vizsla

National Cancer Institute

## Source

National Cancer Institute. *Vizsla*. NCI Thesaurus. Code C53890.

The Vizsla is a sleek, muscular, medium-sized hunting dog with a short coat. It has a lean, chiseled head with a long, tapering muzzle and round-tipped ears that are pendant and rather long. The coat can be solid golden rust in different shadings and is short, and abundant. Height: 20-26 inches (51-66 cm.) Weight: 40-60 pounds (18-27 kg.)
