

# Review of: "Innovation in Local Digital Media: The Case of Sevilla Directo"

Gema Lobillo Mora<sup>1</sup>

<sup>1</sup> Universidad de Málaga

**Potential competing interests:** No potential competing interests to declare.

The study is well-founded theoretically, but is weak in terms of longitudinal analysis, as it is presented in a descriptive manner, but without clearly covering the evolution over the years, especially due to technological changes.

I would recommend reviewing how technological advances have influenced professional routines, through a table or an infographic, to give the study that longitudinal character that the authors explain in the methodology.
