

# Review of: "A Systematic Review of Factors Associated with Special Education Teacher Recruitment"

Inmaculada Mendez<sup>1</sup>

<sup>1</sup> Universidad de Murcia

**Potential competing interests:** The author(s) declared that no potential competing interests exist.

I consider it to be an interesting manuscript. The authors need to elaborate on the objectives of the study to clarify the low sample of studies used. It is necessary to provide more information on the limitations of the sample and add information on the process of collecting the studies. Provide greater applicability of the study.
