Potential competing interests: No potential competing interests to declare.

This article, entitled: "A Socio-Historical Look at Agricultural Policy Reform in Benin (West Africa) since 1960: A Literature Review," is interesting with the potential to contribute to reforming agricultural policy in Benin.

However, the current version of this article requires amendments, which include:

1. Reorganization of its write-up throughout (to maintain a proper idea flow from the beginning to the end) and fixing all sorts of editorial and grammar errors,
2. Stating clearly the objectives of this article,
3. Reorganizing the results and discussion based on the objectives,
4. Analyzing the policies and strategies in different periods using tools such as SWOT, and
5. Generating implications and recommendations to improve agriculture in Benin in particular and in other countries with similar situations in general.
