

Review of: "The influence of perceived financial security on social intention entrepreneurs"

Dr. Andiena Nindya Putri Pa

Potential competing interests: No potential competing interests to declare.

The article has very interesting topic while well structured in Methodology but also need more supporting articles in order to strengthen the Variables used on this articles.

The author also need to explain more properly about SEI not so many people familiar with SEI". also the financial security need few more supported articles in order to showing perspective that why Perceived Financial security affected the Social Entrepreneur intention
