**Potential competing interests:** No potential competing interests to declare.

A well-written article but there are a few things to note:

1. The concept of one health needs to be explored in more depth.
2. Strategic, tactical, and operational implementation of the one health framework needs to be detailed.
3. In carrying out the strategy, the role of each stakeholder needs to be detailed: government, farmers, community.
4. What is the conceptual framework or roadmap for the implementation of one health?
