Digestive System Neuroendocrine Neoplasm

National Cancer Institute

Source

National Cancer Institute. *Digestive System Neuroendocrine Neoplasm*. NCI Thesaurus. Code C27721.

A neoplasm with neuroendocrine differentiation arising from the digestive system. It includes neuroendocrine tumors (well-differentiated endocrine tumors or carcinoid tumors and well differentiated endocrine carcinomas) and neuroendocrine carcinomas (poorly differentiated neuroendocrine carcinomas, small cell carcinomas, and large cell neuroendocrine carcinomas).
