

Review of: "Viewpoint: Strategic Insights and a Scoping Review of Telehealth Platforms and SWOT Analysis of Amazon's Clinical Endeavors"

Sanjay Mohapatra

Potential competing interests: No potential competing interests to declare.

The perspectives given in the article are new, interesting, and will have a good impact on future research. However, the present paper can only be considered as a viewpoint, which falls short of the white paper category. The angles given in the study are praiseworthy, worthy of further discussions and deliberations. I am sure that, using this study, the authors can come up with a high-quality research paper later on.
