

Review of: "Empowering Women in Leadership and Management Positions to Maintain Gender Equality: A Case Study on Sidama Region"

Ma CARMEN FERNÁNDEZ Tijero¹

¹ Universidad de Valladolid

Potential competing interests: No potential competing interests to declare.

The structure of the article is clear, and the language is as well. As for the contents and the argumentation, they are well based but could be explained more deeply. The conclusions are too short, and the development of some of the ideas presented would make the study much richer and have a greater impact.
