Pathologic Stage IIIB Merkel Cell Carcinoma AJCC v8

National Cancer Institute

Source

National Cancer Institute. *Pathologic Stage IIIB Merkel Cell Carcinoma AJCC v8*. NCI Thesaurus. Code C136888.

Stage IIIB includes: T 1-4, N1b-3, M0. T 1: Maximum clinical tumor diameter equal to or less than 2 cm. T 2: Maximum clinical tumor diameter more than 2 cm but equal to or less than 5 cm. T 3: Maximum clinical tumor diameter more than 5 cm. T 4: Primary tumor invades fascia, muscle, cartilage, or bone. N1b: Clinically and/or radiologically detected regional lymph node metastasis, microscopically confirmed. N2: In-transit metastasis (discontinuous from primary tumor; located between primary tumor and draining regional nodal basin, or distal to the primary tumor) without lymph node metastasis. N3: In-transit metastasis (discontinuous from primary tumor; located between primary tumor and draining regional nodal basin, or distal to the primary tumor) with lymph node metastasis. M0: No distant metastasis detected on clinical and/or radiologic examination. (AJCC 8th ed.)
