

Review of: "Socioeconomic Impacts of Hybrid Pico Hydro-Solar Generation System Implementation in Sitio Singawan, Barangay Umiray, Municipality of Dingalan, Aurora, Philippines"

Sa'd Shannak

Potential competing interests: No potential competing interests to declare.

While the immediate socioeconomic benefits are clear, the article could benefit from a deeper analysis of the long-term sustainability of the system, considering environmental impacts, ongoing maintenance needs, and potential technological obsolescence. Furthermore, while the article discusses the implications for similar initiatives, specific policy recommendations that could support the scaling of such projects would add practical value to the findings
