Pekingese

National Cancer Institute

Source

National Cancer Institute. *Pekingese*. NCI Thesaurus. Code C53940.

The Pekingese has a long, straight-flowing coat that has profuse feathering and comes in all colors. It has a broad head with large, slightly prominent eyes and drooping heart-shaped, long feathering ears. Height: 6-9 inches (30.4-45 cm.), Weight: 8-10 pounds (3.6-4.5 kg.) Any Pekingese that is under 6 pounds is called a sleeve Pekingese.
