

# Review of: "The Influence of Music Education on the Academic Behavior for Preschool Children with Autism"

Carla Lourenço

Potential competing interests: No potential competing interests to declare.

Well-structured introduction.

It presents and substantiated the reasons for the study.

I think it repeats information presented in the literature review.

So I suggest that the introduction and literature review come together at the same point.

I think the discussion could be more developed.

Overall, I really liked the article.
