**Potential competing interests:** The author(s) declared that no potential competing interests exist.

**Abstract:** Well written but not in the correct format. It's better not to use any quoted lines here. Page numbers could have been mentioned with subscripts or superscript in the main content, unlike this.

**Introduction:** Informative, but acronyms and abbreviations used in ADB reports and documents should be written at the end of the article.

**Literature Review:** Missing

**Analysis:** No analysis is done, it's totally theoretical

**Conclusion:** Well drafted and quite suggestive
