

Peer Review

Review of: "Schistosomiasis Is an Illness of People: Understanding Knowledge, Attitudes, and Practices in Torrock, Chad"

Zadoki Tabo¹

1. Justus Liebig Universität Gießen, Germany

You may consider restructuring this study similarly to some of your previous well-written work, particularly the paper referenced as No. 5 (DOI: 10.4269/ajtmh.13-0488). Its format and flow are strong and could serve as a useful model for refining this manuscript.
