

Review of: "The Spherical Horse and COVID-19"

Muhammad Naeem¹

¹ Umm Al-Qura University

Potential competing interests: No potential competing interests to declare.

i). The novelty of the paper is not highlighted.

ii). Advantages and limitations of the compared schemes in relationship with similar schemes is not clear.

iii). Please revise the structure of the paper. It is recommendable to add in each section a couple of sentences that explain which is the purpose of the section. With this organization, the reader can clearly understand the sequence of the paper.

iv). Please check and if needed add all the missing punctuation or missing italics.

v). The author should discuss that how the presented work is need of the time.

vi). Write all references on the same pattern and complete the incomplete references.

vii). The conclusion section is not useful, authors need to conclude their work in-depth, the limitations and recommendations for future studies should be provided in the paper.

viii). Some assumptions are stated in various sections. More justifications should be provided on these assumptions. Evaluation on how they will affect the results should be made

ix). Till date countless works have been done on COVID 19. The authors is requested to justify how their work superior than others
