

# Review of: "From General Equilibrium to Algorithmic Equilibrium"

Rita Yi Man Li

Potential competing interests: No potential competing interests to declare.

Abstract needs to state originality, research gap that has been filled, academic, practical, and policy contributions of the paper.

(Walras, 1969; Arrow, 1951 & 1954; Debreu, 1951) are too old?

We need to consider this synthetic scenario and explain why. What kind of synthetic scenario?

Section 2 needs citation.

Add research method.
