Potential competing interests: No potential competing interests to declare.

1. Overall, this article is very interesting, especially to enrich the study of the phenomenon of Konjac (*Amorphophallus Muelleri*) cultivation which is currently booming in Indonesia.
2. in **Figure 1**. Research Location, please Write the geographic coordination (latitude and longitude) in the same Projection, GDC or UTM only. And please provide a larger coordinate font size so that readers can read it more clearly.
3. Please add the coordinate ranging for Research Location
4. in section **2. Collection of Data**, please rewrite the sentences in paragraphs to make them more structured
5. please avoid using the present tense because this research was done in the past
6. please provide additional data visualization in graphical form rather than just written descriptions so that it is more interesting for readers, especially in the **Results and Discussion section**
