Potential competing interests: No potential competing interests to declare.

- 1. The Research paper is nicely written but had errors of grammar and sentence construction.
- 2. The abstract need revision with proper introduction of the topic, aim/objectives of the study, methodology, result and conclusion/outcome.
- 3. The authors needs to add more recent literature in the study.
- 4. Conceptual Model is a part of literature review not discussion.
- 5. Research methodology and data analysis part is missing which is an essential part of the study.
