Potential competing interests: No potential competing interests to declare.

Abstract

The Abstract lacks clear methodology and sampling technique, which is crucial to give an overview of the nature of the study.

Introduction

The introduction chapter is written well, but it has grammatical mistakes which should be corrected.

Method

The Method chapter lacks clarity regarding sampling method, size, and instruments despite details of the study design.

Results

The Results are described in detail, which depicts rigorous analysis.

Discussion and Conclusion

The headings and format are not according to APA. What is the difference between "Discussions" and "Conclusions"?

References

References are written in APA 7.

Overall Review

The study added a novel concept to the literature, but it needs some revisions in the highlighted areas. I hope this review will develop more insight into your article.

Stay blessed.
