

Review of: "[Review Article] Review of Streptococcus pyogenes"

Pramila Parajuli

Potential competing interests: No potential competing interests to declare.

- Make Uniformity in writing the name of organism. Writer can write full name of the organism at first and then in the short form.
- write at least 4 key words
- it would be nice if result of the selected articles could also be reviewed instead of just writing introduction, characteristics and lab diagnosis of organisms only.
