Potential competing interests: No potential competing interests to declare.

The article on persimmon preservation provides a commendable and thorough exploration of traditional and modern methods, shelf life factors, and future prospects. The abstract, while informative, could benefit from increased conciseness without compromising the essence of the information. Add a conclusive line at the end of the abstract section and summarize it. Although the introduction effectively outlines the importance of persimmons, adding a more captivating hook could elevate the reader's engagement. In sections like "Innovative Approaches for Enhancing Persimmon Shelf Life," providing additional detail or examples would further elucidate the discussed concepts. Please add a paragraph at the end of the introduction section including the aim and reasoning of your study.

Please summarize all the processing techniques in a table or figure to highlight their importance. Also, add the pros and cons of each technique.

Add a detailed paragraph about the summary of the whole article in the conclusion section.

Overall, these constructive suggestions aim to complement an already robust piece, ensuring both clarity and engagement for a diverse readership.
