

Review of: "Rationality and Scientific Thinking as Foundations for Leadership in the World of Work"

Pamela Felder

Potential competing interests: No potential competing interests to declare.

Thank you so much for sharing these perspectives. These are important considerations to address in these times. I wonder if you there could be a paragraph to introduce the topics discussed and why they are important in these times throughout the world to draw more closely to the idea that this is for the world community. Please also consider at least three world-specific implications for research and practice to both inspire and inform more critical analysis of work related to these perspectives.
