Potential competing interests: No potential competing interests to declare.

Introduction

- Why is this study considered relevant?
- Why is this study necessary?
- Include something more than immune system imbalances and the need for supplementation doi: 10.3389/fimmu.2021.698672

Methods

- Incluya una sección muy breve que indique bases de datos de búsqueda, criterios de inclusión, fechas...

Discussion

- What does this article contribute to? The authors should make their assessment and include their discussion of the results shown in the manuscript.
- Include any tables or figures on the herbal supplements you describe.

Conclusion

In the Conclusion section, state the most important outcome of your work. Do not simply summarize the points already made in the body — instead, interpret your findings at a higher level of abstraction. Show whether, or to what extent, you have succeeded in addressing the need stated in the Introduction (or objectives).
