Potential competing interests: No potential competing interests to declare.

- More comprehensive discussion and better language
- In the use of bullets, it is better to narrate, avoid bullets
- Your reference is too old, please update, at least 5 years ago
- Some sentences need adjustments for clarity, consistency, and flow to increase readability and coherence
- Enhancing the narrative with more explicit connections between studies and a concluding summary would provide a stronger and more cohesive review.
- These adjustments will help ensure that the findings are easily accessible and impactful for the reader
- Conclusion: Improve your language to be more concise and direct.
