Dear authors,

Kindly find below few comments which enhance your manuscript:

- 1- The abstract should include aim of study, methodology, findings, and recommendations. The abstract does not include any of the mentioned. The authors must rewrite the abstract to include all the mentioned factors.
- 2- The study should include Literature review section directly after the introduction.
- 3- The study should include methodology section after the literature review.
- 4- Also, findings and discussion section should be available after the methodology.
- 5- The manuscript needs to restructure to make sure all the necessary sections are included.

Best regards,
