**Potential competing interests:** No potential competing interests to declare.

1. Title - Pg -1 : A Proposed Secure Wearable Device Payment System
2. Comment : You need to provide the Hardware or Software workflow here!
3. Pg-3 : Statement of the Problem
4. Comment: Provide the mathematical model for this.
5. Pg-6 : Studies on wearable devices payment system
6. Comment : What are the security systems in place? You need to discuss that here.
7. Pg-8 : Studies on Blockchain Technology
8. Comment: Blockchain technology needs to be elaborated on with technicality as to why it is secure and decentralized, etc.!
9. Pg-10: Conceptual Framework
10. Comment: The statement of the problem should be before this! Rewrite this as suggested.
11. Pg-12 :Figure 2. Proposed Wearable Device Architecture.
12. Comment: Elaborate on the security issues in the network layer, such as the tools that may be used.
