

# Review of: "The Role of Financial Literacy on Sustainable Development of Micro, Small and Medium Enterprises (MSMEs) in Africa"

Maiyra Ahmed

Potential competing interests: No potential competing interests to declare.

The article is informative and well-documented but few minor suggestions are stated: Highlight whether the proposed econometric approach is best one matching with the economic question addressed in this paper. Also, try to put out this issue in abstract as well as in the introduction.

The core contribution of the study in the introduction should be highlighted. Add research gap at the end of literature review section.
