Potential competing interests: No potential competing interests to declare.

- The article is well-written and informative, and it provides a good overview of the Digital UAE model and its potential applications.
- The authors of the chapter have a good understanding of the challenges and opportunities of demographic management in the UAE.
- The proposed integration of the Digital UAE model with the SED model is a promising idea, and it could lead to significant improvements in the forecast quality.
- The chapter could be even stronger if it included more specific examples of how the Digital UAE model and the SED model could be used to address specific demographic challenges in the UAE.
- The chapter is recommended to anyone who is interested in learning more about the Digital UAE model or in using it to address demographic challenges.
