Potential competing interests: No potential competing interests to declare.

1. From start of the article till end, there is no proper scientific citations cited. All literature work is without any reference?
Any specific reason for that?
2. Biblical verses are quoted but without any reference.
3. After reading it seems more of like a narration. Does not fit in the category of research article.
4. Methodology chapter is altogether missing?
5. No theoretical and practical implications mentioned?
