Abstract: Well written.

Introduction:

1. Use some other word for "such as" in the first sentence of the introduction.
2. Use a better word instead of "make" in the second sentence of the introduction.
3. Rephrase the sentence, "Therefore, it is important to explore the factors that need to be considered when developing a single health concept for mosquito-borne disease control, especially in Indonesia."
4. Words like "hopefully" are not preferred in scientific writing.

Community engagement and health education

1. Use some other word instead of "educators" in the last sentence.

Key focus areas for mosquito-borne disease control in Indonesia

1. Rephrase "Increasing public awareness of minimizing breeding sites, teaching the basics of vectors, and presenting a clean and healthy environment are the smallest habit-forming efforts to realize the concept of one's health at the household level."
