Potential competing interests: No potential competing interests to declare.

Thank you very much for inviting me to review this manuscript. The topic of the manuscript and its methodology are exciting.

The Title of the manuscript can be modified as "Assessment of Quality of Drinking Water Based on the Water Quality Index Method in Hawassa Zuria Woreda, Sidama Regional State, Ethiopia".

The English language should be improved (see attachment PDF file under the title of "Review Ali Chabuk DNX6O2").

Thus, I suggest author(s) review and improve this manuscript before consideration.

The authors should be developed the conclusions.
