Potential competing interests: No potential competing interests to declare.

The paper presents an interesting idea but it needs improvement to publish in a reputed journal.

1. Please clearly describe the data used in this work.

2. The abstract should state briefly the purpose of the research, the principal results, major conclusions, and the performance of accuracy.

3. The paper should present a critical and constructive analysis of existing published literature in this field, through summary, classification, analysis and comparison.

4. discuss the contributions in this paper.

5. Re-write the conclusion section to summarize the key results and contributions of the study.

6. In the Methodology section draw the used architecture in this work.

7. More analyses for the results are suggested to be given to make it reasonable.

8. Check grammar.
