

# Review of: "Sectoral Herding Contagion on Eve of New Year"

Eniko Korcsmaros

**Potential competing interests:** No potential competing interests to declare.

The article is interesting, however I suggest revising the abstract, as it should be more informative and accurate. Sections 3.3 and 3.4 should be more detailed. Conclusions should be expanded to include outlook and limitations. Please, review the language and grammatical aspects.

Thank you for the opportunity for me to review this manuscript.
