Chitin Oligosaccharides Supplement T-ChOS

National Cancer Institute

Source

National Cancer Institute. *Chitin Oligosaccharides Supplement T-ChOS*. NCI Thesaurus. Code C129312.

A proprietary, nutritional supplement comprised of chitooligosaccharides extracted from deproteinized and demineralized crustacean shell. Upon administration, chitin oligosaccharides supplement T-ChOS may increase stamina and boost energy. In addition, the chitooligosaccharides may stimulate chondrocyte growth.
