# Data Valence

BRITTANY FIORE-SILFVAST, GINA NEFF

## Source

BRITTANY FIORE-SILFVAST, GINA NEFF. (2013). *What we talk about when we talk data: Valences and the social performance of multiple metrics in digital health*. *Ethnographic Praxis in Industry Conference Proceedings*, vol. 2013 (1), 74-87. doi:10.1111/j.1559-8918.2013.00007.x.

“Data Valence” as an expectation or social value that mediates the social performance of data, or what data can do and will do within a particular social system
