Review of: "A Smart Vehicle Charging Station Identification Based On IOT with Hybrid Grey Wolf-Bat Optimization Enriched On Artificial Neural Networks Recognition Methods"

Walaa Shoeib[1]

1 Menoufia University

1. Figures should be modified to be more clear.

2. Table should be reformatted.

3. Equations should be rewritten and clarified.

4. The proposed technique must be compared with state of art.

5. More clarification for proposed technique.

6. The aim of the manuscript is not clarified.

7. There are many grammatical and typos error.
