Potential competing interests: No potential competing interests to declare.

HNO<sub>3</sub> & CaCO<sub>3</sub> is mentioned ----> please have the "3" subscripted

APHA has a latest edition but still the authors used 1999 version. Is there any specific reason for it?

o C ----> please have the "o" superscripted

insted of "undectable" -----> please use the phrase "below detection limit" as undetectable won't sit right with the scientific community
