**Potential competing interests:** No potential competing interests to declare.

1. In Page 2 , references should be taken from the last 5 years
2. In page 2 , I see many references that are too old, should be more up to date
3. In page 4 , Explain in detail how the sampling was from 5,435 males to 8,851 and females from 10,447 to 9,861, and establish the inclusion criteria.
4. In page 5, preferably in one paragraph, references are sought from various sources and more up date
5. in page 9, add reference sources and don't forget to note them in the bibliography.
