This article is good. However, I have a comment that I hope will help.

1. In the Abstract there are no problems, research objectives, methods used and results obtained.
2. In the introduction, the problem and urgency of the research are not yet clear.
3. The results obtained are not enough to answer the title
4. The conclusions made are not in accordance with the results obtained

Thank you for your attention, continue until it is published.
