Review of: "Dynamic and Power-Quality Impacts of High Photovoltaic Penetration on Distribution Feeders That Static Load-Flow Studies Overlook"

Rupali Mohanty[1]

1. Electrical and Computer Engineering, Ajay Binay Institute of Technology, Cuttack, India

1. Authors need to revise the Title.
2. The abstract is not justified.
3. Keywords are not provided.
4. Authors are requested to provide the clear contribution.
5. Authors need to cite recent works.
6. Provide the limitation of each methodology in section 2.
7. Authors are requested to provide a quantitative comparison table.
8. The impact of THD on power quality should be expressed mathematically.
9. In figure 5, the THD of which parameter is not mentioned. Modify the figure with proper data.
