Potential competing interests: No potential competing interests to declare.

1. The author(s) are suggested to give due credit to authors from whom the measurement indicators were adopted and modified.
2. Further, the author(s) are suggested to add the appendix revealing the measurement indicators used in the questionnaire for better understanding of the readers.
3. The author(s) are suggested to further extend the discussion section by supporting their findings with previous literature and prove that it's in line with previous findings.
