Mentored Patient-Oriented Research Career Development Award

National Cancer Institute

Source

National Cancer Institute. *Mentored Patient-Oriented Research Career Development Award*. NCI Thesaurus. Code C19763.

To support the career development of investigators who have made a commitment to focus their research endeavors on patient-oriented research. This mechanism provides support for supervised study and research for clinically trained professionals who have the potential to develop into productive, clinical investigators focusing on patient-oriented research.
