

# Review of: "Design and Realization of a Low-Cost Smart Walking Aid for Visually Impaired and Blind People"

Shoba S<sup>1</sup>

<sup>1</sup> Vellore Institute of Technology

**Potential competing interests:** No potential competing interests to declare.

The results are not compared with the existing work

There is no proper clarity and visibility of the legend shown in Figure 7

Statistical analysis of the existing literature survey for the device is missing

As the paper insisted about the affordability, the durability and the range of cost is not been mentioned anywhere

Include the Testing results of the device and user experience graph
